

BELRIDGE SECONDARY COLLEGE

# Specialist Netball Academy

DREAM BIG, SET GOALS, SUCCEED TOGETHER

Belridge Secondary College is renowned for its excellence in both academic and sporting programs. Established in 2013, the Specialist Netball Academy has continued to grow in strength and is officially endorsed as a **Netball WA Tier 1 Specialist School** by Netball WA.

The academy is integrated into the school curriculum, with students participating in **four timetabled periods per week**. The program focuses on developing technical skills, tactical strategies, and game awareness, alongside fitness conditioning and teamwork. In addition to on-court performance, students gain valuable knowledge and practical experience in coaching, umpiring, nutrition, first aid, biomechanics and sports psychology.

Throughout the year, students have the opportunity to compete in **various netball competitions** including the School Sport WA High School Cup, WCF specialist netball schools cup, Belridge Cup, FAST 5 carnival, lightning carnivals and a Netball specific camp.

**In Year 11 and 12**, students complete a Certificate III in Sport and Recreation over the two years. Students are also given an exciting opportunity to participate in an **international netball tour** (subject to travel directives). This experience not only exposes students to high-level competition in a different country but also provides cultural immersion and personal growth opportunities. The tour fosters lifelong friendships and unforgettable memories, enriching both their sporting and personal development.
